Welcome to Grade 5! Start Up Conference Information – September 2024

Here are some topics that I would encourage you to discuss with your family and with your child before we meet (I also encourage you to make notes so that you don't forget anything!).

1. What are your child's interests or skills? Are there any areas in which you feel your child really excels?
2. Are there any areas (academic or otherwise) in which you feel your child struggles or may need additional support?
3. What makes your child happy?
4. What motivates your child?
5. How organized is your child?
6. What are your child's feelings about school?
7. What would be a goal for your child this year?
8. What are your child's out-of-school activities?
9. What is the faith background your child is coming from?
10. Is there anything else that I should know about your child? (allergies, medical concerns, or ANYTHING else you think it important to know!)
10. Do you have any questions for me?

In addition to the previous information, the following is a list of topics that will be discussed in our first meeting:

- 1) Homework expectations
